On Sunday July 18, 2021 at approximately 02:04 hours Dispatch advised of a report of a vehicle Eastbound in the Westbound lane on I-90 near Lake DeSmet. The Reporting Party stated the vehicle was possibly a silver Toyota hatchback. At this time, I began traveling toward that direction.

At approximately 02:09 hours I was traveling Westbound on I-90 near Mile Marker 54, when I observed a vehicle's headlights traveling Eastbound in the Westbound lane. As I passed the vehicle, I observed it to be a silver Volvo bearing Wyoming registration of 16-69. At this time, I turned my vehicle around and initiated a traffic stop by activating my overhead emergency lights. The vehicle continued to travel at an approximate speed of 50mph,

Eastbound in the Westbound lane. At this time, I activated my sirens as the vehicle was failing to yield. The vehicle continued Eastbound in the Westbound lane for another three miles. The vehicle then merged, Southbound on to the Northbound ramp of I-25 and continued to travel Southbound in the Northbound lane at Mile Marker 300. The vehicle continued for two more miles before coming to a stop near Mile Marker 298, Southbound in the Northbound lane. Multiple vehicles were observed traveling in the path of this vehicle during this short pursuit.

Upon approach, I spoke with the driver. I advised the driver, later identified as William J. NOVOTNY 3rd, he had been traveling in the wrong lane. I asked NOVOTNY why he failed to yield to my lights and sirens. He stated "Sorry, sir." While speaking with NOVOTNY, I could smell a strong odor of alcohol coming from the vehicle. In the center console, I observed an open can of Coors beer. At this time, I asked NOVOTNY for his driver's license. I also asked him to turn his vehicle off and hand me his keys. I then returned to my vehicle to run the driver's information through Dispatch. It should be noted that; at this time, I was assisted by the Buffalo Police Department in blocking one Northbound lane of travel while I conducted my investigation.

Upon receipt of the driver's information, I returned to speak with NOVOTNY. I asked him to step out of his vehicle. While getting out of the vehicle, NOVOTNY exhibited poor balance while exiting and standing. I asked NOVOTNY how much he had to drink tonight. He stated "more than I should have." I advised NOVOTNY I was going to request he perform Standardized Field Sobriety Tests(SFST) at this time. NOVOTNY stated he was not going to perform the tests. At this time, I advised NOVOTNY he was being placed under arrest for DWUI.

NOVOTNY was placed in handcuffs. Both cuffs were checked for proper fit and tightness and then double locked for safety. NOVOTNY was then searched incident to arrest for weapons or contraband. No such items were found during search. NOVOTNY was then transported to the Detention Center without incident.

Upon arrival at the Jail, I read NOVOTNY the Wyoming Implied Consent Advisement and requested he consent to a chemical test of his breath. NOVOTNY consented to the breath test and provided two samples. The Intoximeter resulted in a B.A.C. of 0.186% and 0.187% respectively. At this time, custody was remanded over to the Detention staff.
