Task: Prepare a conceptual neighborhood plan for the Fairgrounds site (Subarea Sub Area: 3.3 - Rodeo Grounds Institutional Area) to best allocate the community's remaining residential density within the overall cap in a manner that optimizes balanced Comprehensive Plan goals and informs future zoning decisions and development patterns. Although this task is identified as joint under the organizing principle of community-wide allocation of density, plans for this area can be led by Town staff. The neighborhood plan will include:

- Density and land use
- Affordability – Housing – Job Generation
- Project Goals and Objectives
- Market Analysis and Projected Population
- Fiscal Impacts
- Site design and general bulk and scale characteristics
- Multi-modal transportation connectivity and traffic impacts
- Community amenities and services (parks, schools, playgrounds, open space, etc.)
- Infrastructure (drinking water, sewer, drainage, electricity, etc.)
- Environmental impacts
- Implementation of Comprehensive Plan values
- Community and stakeholder engagement and participation
